School of Public Health and Health Sciences

October Event:

Q Microbe Biofuel Technology: From the Environment to the Lab and Beyond

**Evening Reception: Wednesday October 22, 2008 at the
24th Annual International Conference on Soils, Sediments &
Water**

Hosted by UMass Amherst Environmental Health Sciences Program, Christine Rogers

Location: Room 1001, 10th Floor of Campus Center, University of Massachusetts, Amherst, MA

Please visit the UMass parking website for directions to campus & parking information:
<http://parking.umass.edu/images/maps/mapgarageparking.pdf>

Time: 5:00-7:30pm

5:00-6:00pm Registration, Networking, Light Refreshments, Cash Bar (Wine/Beer)

6:00-7:30pm Presentation, Discussion, and Q&A

Featured Speaker: Susan Leschine, Professor of Microbiology, UMass Amherst:

Dr. Leschine is a Founder and Chief Scientist at SunEthanol, a biofuels technology company headquartered in Amherst. She also serves as Co-director of The Institute for Massachusetts Biofuels Research (TIMBR) at UMass Amherst, established by an interdisciplinary team of scientists and engineers to develop cost-effective technologies for producing biofuels and other value-added materials from plant biomass. Dr. Leschine's research has formed the basis for SunEthanol's Consolidated Bio-Processing innovation. <http://sunethanol.com/site/>

Cost: *FREE* for SWEP-MA members (or those who become members at the event)

FREE for Students (with valid student ID)

\$10 Nonmembers

**PLEASE RSVP to Alyson Fortune:
